

## Geography

### What will we find in the woods?

Can you find the UK using Google Earth?

A **habitat** is a place that plants and animals live. A woodland is a habitat for many plants and animals.

A fox lives in a den.

A mole lives in a burrow.

Owls build their homes in trees.

Can you research the habitats of other woodland animals? You could use books or the internet!

### Key Vocabulary

Word	Diagram	Definition
country		A country is an area of land that is controlled by one government (make the laws and decisions). Some countries are big and some are small.
